

AUSTIN SERVALL

C O N C R E T E

Our Service Capabilities

In addition to our fleet of mixer trucks (including 2 that have a rear-mounted conveyor system), Austin ServAll Concrete has a Putzmeister concrete boom pump.

The 36-meter Putzmeister Pump has a 117' boom with a concrete placement span of 104'. Additional pipe and hose can increase the span and add flexibility during concrete placement.

The Putzmeister Pump provides efficient and timely placement of quality concrete, even on the most restrictive job sites.

Our 36-Meter Truck Mounted Concrete Boom Pump
